

Dear Parent or Guardian,

Your child’s teacher may wish for your child to participate in an online student art exchange and exhibition hosted by the United States Society for Education through Art (USSEA). Due to the requirements of the Children’s Online Privacy Protection Act (COPPA), USSEA requires parents to give consent before the child’s artwork and first name can be uploaded to the online exhibition webpage found at <https://usseastudentart.weebly.com/>.

Please complete the form below to indicate whether or not you grant permission for your child’s participation in these activities. Thank you for your consideration and support.
